With one touch, you will have access to the name and full contact details of each scanner student, as well as key information including which course and country the student is interested in and the date they plan to begin their course abroad. You will also be able to add comments and rate the lead by priority. Your database will be ready for follow up the moment you finish the fair. A week prior to the event you will receive a document with full instructions on how to download and use the app.

Translators / Assistants: These have proved very popular for institutions that do not have personnel who speak the local language. They are also invaluable for institutions only sending one person, as you will have an extra person to help during the peak periods and allows stand representatives to take breaks without missing potential enquiries. COST: Translators can be arranged at a rate of US\$ 130 per day for Medellín and Puebla and US\$ 260 for both days in Bogotá and Mexico City.

Audio/Video Equipment Rental: For quotation, please contact each venue/hotel directly.

Internet: Internet is included. If you are a guest at the official hotel, your log in details might work in the event room.

4. BRANDING YOUR INSTITUTION

Seminars: The 30-minute seminars present institutions with a unique opportunity to promote programs to a focused audience. The following items are provided: a laptop projector, large white projection screen and microphone with audio. All seminars can be ordered using the online EIS (Optional Services Section) and are subject to availability. The price of a seminar US\$ 260.00 for Bogota, Medellin, Puebla and Mexico City.

Catalogue Advertising: A catalogue is sent to all pre-registered guests and visitors, and widely promoted in our social media accounts. We recommend that you enhance your free listing with an appropriate advertisement, giving greater impact to your presence at the fairs and which will continue to promote your institution after the event. If you want to book advertising in the catalogue, please do it through the EIS (Required Information Section).

Your advertising material should be sent in PDF Format, High Resolution 300 dpi to karen@bmiglobaled.com, before October 22nd. (Please add 0.5 cm and cut marks on each side for bleeding).

5. EQUIPMENT PROVIDED

STAND CONSTRUCTION

Equipment provided: Each stand will be supplied with: 1 table and 2 chairs; 1 electricity point; 2 spot lights and 1 fascia (name) board. Corner sites will be open to the aisles with fascia overhead. If you require additional furniture, please email us and we will contact the stand construction company and obtain a price for the additional items required. Please bear in mind that Cali is a table & chairs format. Your institution will be provided with one table, two chairs and one electricity point. In case you want to decorate your table, you must bring your pop up banner. You will not be allowed to post or hang anything on the venue walls.

Exhibitor badges: The exhibitor badges will be placed on your table when you arrive to the venue. Please keep them for all the cities you will be travelling to.

Note: Please complete in the EIS, how many badges you will need, the exhibitor badges will be with the name of institution.

Panels: Double sided tape or similar may be used but must be removed by exhibitors at the end of the exhibition. Under no circumstances must anything be nailed, screwed, glued or painted onto the panels or metal framework of the stand. All damage will be charged to the exhibitor. All stands must be clean and ready 30 minutes before the opening of the event. No packing materials or goods will be allowed inside the hall after that time. Please keep in mind that panels are 1m wide x 2.40m tall.

FULL COLOUR GRAPHICS FOR YOUR STAND

You may have seen many institutions at recent fairs decorate their stands with full colour graphics printed directly on to the stands. This not only looks very attractive and attracts many more visitors to the stand but also avoids the need to carry or ship display material and spend time decorating the stand. International institutions occasionally ship expensive stand displays or bring them to Latin America. Typically, however, local suppliers cannot speak English, issue proper receipts or only accept payment in local currency, meaning our service is far more straightforward and safe.

BMI has negotiated with suppliers in each city so that you may take advantage of having full colour printed panels so that your stand is ready when you arrive. For the full details and prices, please check pages 18/19 of this manual. The maximum number of panels allowed to be printed is 7.

REGULATIONS

Cleaning and storage: Aisles and stands will be cleaned daily.

Insurance: While we take every precaution to protect your property during the event, we are not responsible for any loss or damage and we recommend that you arrange insurance cover for your travel and participation. You are also responsible for insuring against any legal liability incurred in respect of injury or damage to property belonging to third parties. In addition, you should protect your expenditure against abandonment and cancellation or curtailment of the event due to reasons beyond our control.

Security: Every reasonable precaution is taken to ensure the safety and security of personnel and equipment. The premises will be locked overnight, but we cannot accept any responsibility whatsoever for any injury, loss or damage or any consequential losses which befall your personnel or their property. BMI recommends that valuables, particularly of a portable nature, are not left unattended on your stand.

6. SHIPPING INFORMATION

BMI highly recommends printing your institution's brochures locally.
Please get in contact if you need a quote.

ADDRESSES FOR SHIPPING

If you are sending material for your participation you will be able to download the shipping labels in the EIS Shipping/Tracking section, with the information of the venue where you have to send your material. You can also download the labels by [clicking here](#).

Please use the pre-addressed labels provided on the Shipping Labels section on the EIS:

Once shipped, please enter your tracking information in the EIS. This will help us track your shipment and help you in case it gets lost or stuck in customs. Without this information, we will not be able to help you.

1. The delivery address details and shipping labels for each city can be found in the EIS Shipping/Tracking section;
2. All boxes should arrive at least 10 days before each fair at the delivery address provided on the labels form;
3. If you are not using the official shipping company, you must input all the information on how you shipped your material along with the airway tracking numbers into the EIS system. If you do this, we will be able to track your boxes and immediately act if there is a problem with the delivery. Without this information we are unable to help you if any problems occur with your shipping;
4. The deadline for sending tracking number and shipping information by email is October 25th;
5. If we do not have the tracking numbers by this date, we will not be able to help you with your shipping and you will need to contact your shipping provider directly to try and solve the problem. BMI staff will not be able to help you on the day of the fair.

If you do not follow the above recommendations exactly as explained, your material may be held up in customs, sent back, lost or destroyed.

It is essential that the person who is travelling to Latin America carries a copy of all the following information:

1. Airway bill numbers for each box you have shipped.
2. How many boxes were sent and to which cities.
3. Full contact details of the courier company in Colombia and in your country. If possible, obtain the mobile phone number of the shipping manager in your country and their contact in Latin America.
4. We also suggest carrying a digital PDF of your material in case of any delay in your shipment, so we may be able to help you by printing it locally.

BMI or Hotels will not pay customs duty for the liberate of your packages. To avoid the risk that the package will be return to you, please make sure that its value is low and there is nothing else than paper-material in it.

7. PRINTING IN LATIN AMERICA

You may also choose to print your material locally in Latin America and have it on your stand when you arrive. BMI currently translates and prints brochures for over 40 international institutions.

Printing costs in Latin America are usually higher than in North America or Europe but you will make huge savings in shipping costs and avoid any customs, taxes or delivery problems.

BMI highly recommends printing your institution's brochures locally. Please get in contact if you need a quote.

If you are interested in the printing option, please email a digital copy of your brochure, with the following information to karen@bmiglobaled.com.

- Paper weight

9. GDPR AND THE BMI SMART SCAN APP

By collecting a student's data via the BMI Smart Scan App, your institution will be receiving all information provided by that specific student in the registration form which they complete before entering the fair. The fair registration form and the process is fully GDPR compliant.

All visiting students and parents are clearly informed that by allowing an institution to scan them at the event, they are allowing you to collect their data for post-fair follow up. This information is clearly printed on the registration site, on the subsequent printed ticket they bring to the fair and on the visitor badge they receive at the entrance to the fair. If they do not wish to share their data, they should not allow you to scan their badge.

Once the student information is collected via the BMI Smart Scan App, your institution may use this data for fair and reasonable follow-up after the fair. However, for ongoing generic marketing communications, your institution must obtain explicit consent from the student as per GDPR data processing compliance rules and regulations.

By using the BMI Smart Scan App your organisation commits to act responsibly, treat this information under GDPR data processing guidelines and exonerates BMI for any misuse or data breaches that may occur from your follow up, or future marketing communication sent to visitors you have scanned at the event.

The privacy policy for the fair can be found in the website.
